

LA PRESSE+ FOR ANDROID TABLETS: TECHNICAL SPECS

REDEFINING THE WAY THE NEWS IS DELIVERED, WITH LA PRESSE+

The La Presse+ tablet app offers the most comprehensive news and information experience ever from Québec's largest newsroom. Mobile, interactive and intuitive, La Presse+ presents the news another way, in an environment that blends the best of print, Web, mobile apps and video. It gives users enriched access to La Presse's sections, columns and editorials, along with a multitude of exclusive content, at their fingertips.

Functionalities

- A user-friendly, intuitive and non-intrusive browsing experience;
- Rich, substantial content enhanced with videos, photo galleries, interactive imagery, audio clips, tabbed folders, scrolling screens and more;
- Articles, photos, illustrations and videos viewable in full-screen mode;
- Breaking-news and weather feature;
- Editions download automatically overnight and ready to enjoy by 5:30 a.m.;
- Editions can be read in offline mode once downloaded;
- Kiosk allows viewing of older editions and a range of special publications;
- Content sharable via e-mail, Facebook, Twitter and other applications;
- Access to the Pause section, exclusive to La Presse+;
- External links can be accessed without leaving the application;
- Auto-scrolling of articles and customizable type sizes;
- Daily interactive crossword and horoscope;
- Ability to view La Presse+ on a TV screen via an HDMI cable.

Requirements

- Android version 4.4 or higher;
- A tablet with a 7-inch or larger display;
- A minimum resolution of 800 x 1280 pixels;
- Access to the Google Play Store;
- Wi-Fi access;
- A basic Internet package including a Wi-Fi connection.

The Web page <http://plus.lapresse.ca/ce-dont-vous-avez-besoin> lists examples of tablet models that provide an optimum La Presse+ experience. Users of tablets that fulfil all the requirements but who cannot access La Presse+ via the Google Play Store should contact La Presse.
